SACRAMENTO UPDATE

State Deficit

In January, the Administration projected a \$14.5 billion deficit through the end of FY 2008-09. Subsequent to the release of the Governor's Proposed Budget, the Legislative Analyst's Office (LAO) indicated that the shortfall would likely increase by \$1.5 billion to an estimated \$16 billion through the end of the same period. However, since the release of the Governor's Proposed Budget the economy has continued on its sluggish pace and the State's fiscal condition continues to deteriorate. The Department of Finance (DOF) April 2008 Finance Bulletin indicates that cash receipts through the month of March are \$1.2 billion less than the Administration's estimates for the first nine months of the fiscal year, primarily due to lower corporate income tax collections and the continuing housing slump. For March alone, cash receipts were \$912 million less than anticipated. If this trend continues, the budget deficit may well increase by another \$2 billion by the time the May Revision is released.

State Budget Hearings and Actions

Budget Subcommittee Hearings. Subcommittees from both houses have been meeting regularly throughout January, February, March, and April to consider the Proposed Budget and an LAO Alternative Budget. Some of the subcommittees have signaled their intention to reject some of the Governor's proposals, while action on many of the Governor's Budget reductions or controversial proposals has been deferred until the release of the May Revision.

Budget subcommittees in one house or both houses have taken action on some items of County interest. Specifically, the following proposals were rejected:

- CalWORKs reductions which would have penalized children by a loss of CalWORKs benefits when their adult parent or caretaker reaches the Federal 60 month time limit, does not meet Federal work participation requirements, or is undocumented, a convicted drug felon, or a fleeing felon;
- Elimination of continuous 12-month eligibility for Medi-Cal participants by reinstituting quarterly reporting; and
- Ten percent funding reductions to the Proposition 36 and Offender Treatment Programs.

No action was taken on reductions in funding from the following items:

- Safety Net Care Pool Payments and South Los Angeles Preservation Fund;
- Medi-Cal Administration;
- Adult Protective Services;
- In-Home Supportive Services;
- Juvenile Probation Camp Funding;
- Juvenile Justice Crime Prevention Act Funding;
- Citizen's Option for Public Safety Funding; and
- Child Welfare Services.

A more detailed discussion of the County fiscal impact of these items, specific subcommittee actions, and the impact of certain LAO Alternative Budget proposals is contained in Attachment I.

While budget subcommittees for both houses have acted on a few items, all of these decisions could be reversed, modified or declared obsolete once the May Revision is issued, particularly if additional revenues do not materialize. The County's Sacramento advocates have communicated the County's concerns about these proposed reductions in numerous letters to the respective budget committees and the County delegation. Once the May Revision is released, we will reassess our priorities and advocate accordingly since the County is facing a potential loss of \$276.3 million.

Status of Governor's Budget Reform Proposal

As reported in our Sacramento Update of March 28, 2008, the Governor has been touring the State to seek support for this budget reform proposal, known as the Budget Stabilization Act (BSA). The proposal consists of two parts: a revenue limit and mid-year spending reduction authority. The revenue limit is based on a rolling average of the annual percentage growth in General Fund revenues for the previous ten years. DOF would make all the calculations required under the Act. If DOF finds that spending

will exceed revenues, it could reduce appropriations. If the gap between spending and revenues is estimated to be less than one percent, appropriations would be uniformly reduced by an annualized amount of two percent. If the gap exceeds one percent the annualized reduction would be five percent.

Draft language for the BSA became available last week, and the California State Association of Counties (CSAC) has indicated that it expects the Governor to introduce the BSA as part of the May Budget Revision. We are working with CSAC and others on a detailed analysis of the BSA to determine the impact on local governments and our protections under Proposition 1A of 2004.

County Advocacy Legislation

At the same time that the budget subcommittees are meeting, the Legislature's 50 standing policy committees are holding hearings on hundreds of bills, some of which could affect the County. These committees are generally bound by fairly strict meeting deadlines although they are sometimes waived. Even with these deadlines, legislation failing to pass a committee can be revived in another bill in the other house, or it may not reappear until only days remain before the end of a session. Key legislation affecting the County involves a variety of issues including;

County-opposed SB 1060 (Ridley-Thomas), which would terminate the Los Angeles Memorial Coliseum Commission and create a new State-controlled agency to assume control and management of Exposition Park, including the Los Angeles Memorial Coliseum and Sports Arena, passed the Senate Governmental Organization Committee on April 15, 2008 by a vote of 7 to 3, and now proceeds to the Senate Appropriations Committee.

County-supported SB 1236 (Padilla) would extend for five years the January 1, 2009 sunset date established by County-supported SB 1773 (Alarcon) of 2006 which authorizes counties to augment the Emergency Medical Services (EMS) Fund by collecting an additional penalty assessment for specified crimes. SB 1773 allowed county boards of supervisors, by resolution, to levy an additional \$2 penalty assessment on every \$10 penalty for all criminal offenses and moving violations, including speeding, seat belt infractions, domestic violence and driving under the influence, but only if the increased penalties did not offset or reduce the funding of other programs. The Department of Health Services (DHS) reports that SB 1773 has resulted in collections of \$8.4 million in Los Angeles County for the period March 2007 through January 2008. Upon full program maturity, collections are estimated to provide nearly \$18 million annually for emergency medical services in Los Angeles County. SB 1236 passed the Senate Appropriations Committee on April 14, 2008.

County-supported SB 1349 (Cox) would require the State Controller's Office to reimburse county contractors or subcontractors for mental health services within 90

days after the receipt of a reimbursement claim by the State Department of Mental Health (SDMH). The Department's inability to process reimbursement claims from counties and their contractors in a timely manner has created a cash flow crisis in several counties and directly threatens their ability to provide mandated mental health services. SB 1349 passed the Senate Health Committee on March 26, 2008 by a vote of 11 to 0, and is scheduled for a hearing in the Senate Appropriations Committee on April 21, 2008.

County-opposed SB 1771 (Romero), as amended on April 10, 2008, which would extend the life of City of Industry Redevelopment Projects by ten years without a finding of blight was not considered by the Senate Local Government Committee on April 16, 2008. SB 1771 can be taken up at a later date. However, after May 2, 2008, such a hearing would require a rule waiver. The next scheduled hearing date is May 7, 2008.

County-supported AB 1491 (Jones) would extend the deadlines for the transfer of responsibility for court facilities from counties to the State Judicial Council through December 31, 2009. Enactment of this bill would allow the County to complete the transfer of its remaining courthouse facilities to the State. The bill was sent to the Governor on April 16, 2008.

County-opposed AB 2262 (Torrico), which would expand the timeframe to safely surrender a newborn from 72 hours to up to seven days, was placed on the Assembly Appropriations Committee's Suspense File on April 16, 2008 due to the potential cost to the State's General Fund.

County Sponsored Legislation

AB 564 (Brownley), which would authorize the Los Angeles County Flood Control District to implement storm water fees, upon voter approval and/or consistent with the requirements of Proposition 218, to fund clean water programs, is currently pending a vote on the Senate Floor.

AB 2829 (Davis), which would require: 1) the printing of a second environmental awareness statement on non-biodegradable plastic carryout bags; 2) the removal of the prohibition on local governments' authority to impose fees for use of plastic carryout bags; and 3) the implementation of a statewide fee on plastic carryout bags with the proceeds to be distributed to local governments on a per capita basis, to fund litter prevention programs and source reduction efforts, failed passage in the Assembly Natural Resources Committee on April 15, 2008. However, County-sponsored provisions of AB 2829 will be merged into AB 2058.

SB 579 (Wiggins), as amended on March 24, 2008, would allow the Board to permit the reinstatement of firefighters over 60 years of age who retired after April 1, 2007 and repeal the provision requiring the County Fire Chief to retire by April 1, 2009. SB 579 is

an urgency measure that would be effective immediately, upon approval of the Governor. This bill is on the Assembly consent file.

BUDGET SUBCOMMITTEE ACTIONS ON KEY COUNTY FISCAL ISSUES

Rejected Items

- **CalWORKs Reforms.** The Governor's Budget proposes to eliminate the CalWORKs safety net by imposing a full-family sanction when the adult does not comply with the welfare-to-work requirements, eliminating the child-only portion of the grant when able-bodied adults who have reached the 60-month time limit fail to meet the Federal work participation requirements and when the parent or caretaker is an undocumented non-citizen, a convicted drug felon or a fleeing felon. The impact to the County is an estimated \$113.0 million loss. **On April 9, 2008, Assembly Budget Subcommittee #1 rejected the Governor's proposal.** On March 6, 2008, the full Senate Budget Committee conducted an informational hearing on this issue, but no action was taken.
- **Medi-Cal Eligibility.** The Governor's Budget proposes to eliminate continuous 12-month eligibility for children and to reinstitute quarterly status reporting for both children and parents. This proposal would result in the potential loss of Medi-Cal benefits for approximately 57,000 children in Los Angeles County. **On April 14, 2008, Assembly Budget Subcommittee #1 rejected the Governor's proposal.** On February 4, 2008, the Senate Budget Committee held an informational hearing on this item, but no action was taken.
- **Proposition 36 and Offender Treatment Programs.** The Governor's Budget proposes to reduce funding for Proposition 36 by \$10 million and the Offender Treatment Program (OTP) by \$2 million in FY 2008-09. The combined impact to the County is an estimated \$3 million loss. **On April 2, 2008, Assembly Budget Subcommittee #1 unanimously rejected the Governor's proposal.** While Committee members expressed their support for the programs, they did warn that the issues may be reopened as part of budget negotiations. **On April 14, 2008, Senate Budget and Fiscal Review Subcommittee #3 considered the proposal and also rejected the proposed funding reductions.** Committee members noted that reductions in program services would lead to increased recidivism and greater demands on the criminal justice, public health and mental health systems.

Key Items Held Open Pending Release of the May Revision

- **Federal Safety Net Care Pool (SNCP) Payments and South L.A. Preservation Fund.** The Governor's Budget proposes to shift \$54.2 million of SNCP and South L.A. Preservation Fund payments from designated public hospitals to fund other State programs to help address the budget crisis. The impact to the County is an estimated \$24.4 million loss. On April 7, 2008, Senate Budget and Fiscal Review Subcommittee #3 held an informational hearing to

discuss various Medi-Cal issues, including the Governor's proposal, but no action was taken.

- **Medi-Cal Provider and Managed Care Rates.** The Governor's Budget proposed to reduce Medi-Cal provider rates Statewide by \$602.4 million along with proportionate reductions in Medi-Cal managed care rates. **On February 15, 2008, in the Special Session on the State Fiscal Emergency, the Legislature approved a modified version of the Governor's FY 2008-09 proposal for a reduction of \$544.3 million effective July 1, 2008, delaying the Governor's proposal by one month to the start of the new fiscal year.** The Assembly Budget Committee indicated that the purpose of the delay was to allow time for further review of provider rates during the regular budget process to identify any critical consequences of the reduction and determine if there is a better way to achieve savings. The estimated impact to the County for FY 2008-09 is a reduction of \$11.1 million for outpatient services reimbursed by CBRC payments, and a loss of \$1.6 million from the managed care rate reduction for the County's directly operated health facilities. These reductions would result in a loss of over 34,000 outpatient visits annually.
- **Medi-Cal Administration.** The Governor's Budget proposes to reduce counties' administrative funding for Medi-Cal which would result in an estimated loss of \$50.1 million for the County. On March 10, 2008, Assembly Budget Subcommittee #1 held an informational hearing but no action was taken. On February 4, 2008, the Senate Budget Committee held an informational hearing on this item but no action was taken.
- **Adult Protective Services (APS).** The Governor's Budget proposes to reduce funding for APS by 10 percent which would result in an estimated reduction of \$2.6 million for the County. Senate Budget Subcommittee # 3 heard testimony on this item on April 10, 2008. Assembly Budget Subcommittee #1 heard testimony on this item on April 16, 2008. Both subcommittees held this item open pending the May Budget Revision.
- **In-Home Supportive Services (IHSS).** The Governor's Budget proposes to reduce IHSS domestic services by 18 percent which would result in the loss of 6.6 hours of service per month for approximately 160,000 IHSS recipients. The impact to the County is an estimated \$23.0 million in savings. The Governor's Budget also proposes to reduce counties' administrative funding for IHSS which would result in an estimated loss of \$8.5 million for the County. On April 16, 2008, Assembly Budget Subcommittee #1 held these items open pending the May Revision. Senate Budget Subcommittee #3 is scheduled to consider the IHSS issue on April 21, 2008.
- **Juvenile Probation Camp Funding.** The Governor's Budget proposes a ten percent reduction of the camp grants for juvenile offenders under the jurisdiction of the Probation Department. This proposal would reduce funding to the County by \$8.0 million. On January 17 and 29, 2008, and February 26, 2008, the Senate

Budget and Fiscal Review Committee heard this issue, but no action was taken. The Assembly took no action on this item.

- **Juvenile Justice Crime Prevention Act (JJCPA) Funding.** The Governor's Budget proposes a 10 percent reduction of the JJCPA grant for at risk juveniles which would reduce funding to the County by \$3.3 million. On January 17 and 29, 2008, and February 26, 2008, the Senate Budget and Fiscal Review Committee considered this issue, but no action was taken. The Assembly took no action on this item.
- **Citizens' Option for Public Safety (COPS) Funding.** The Governor's Budget proposes a 10 percent reduction in COPS grant funding for front line law enforcement and district attorneys. The proposal would reduce funding to the County by \$900,000. On January 17 and 29, 2008, and February 26, 2008, the Senate Budget and Fiscal Review Committee considered this issue, but no action was taken. The Assembly took no action on this item.

Key Items Which Have Not Been Heard in Committee

- **Child Welfare Services (CWS).** The Governor's Budget proposes to reduce counties' administrative funding for CWS by 11.4 percent which would result in an estimated County loss of \$25.6 million. The Governor's Budget also proposes to reduce payments to foster care providers by 10 percent which would result in estimated net County cost savings of \$18.2 million. Senate Budget Subcommittee #3 is scheduled to hear this item on April 21, 2008, and Assembly Budget Subcommittee #1 is scheduled to hear it on April 30, 2008.

LAO's Alternative Budget Proposals

In contrast to the Governor's across-the-board budget reductions to balance, in mid-February the LAO released an alternative budget proposal. The LAO believes the Administration's budget approach failed to prioritize State spending. As discussed in our March 21, 2008 Sacramento Update, the LAO's proposal contains some proposals that could significantly increase the negative impact on the County from the Governor's Budget. Some of the proposals include:

- Increase in the proposed shift of funding from the Federal Safety Net Care Pool and South L.A. Preservation Fund from designated public hospitals to other State programs;
 - Consolidation of Juvenile Probation Camp and JJCPA Grant funding;
 - Elimination of the Citizen's Option for Public Safety (COPS) Program;
 - Increase in the Medi-Cal Administration funding reductions to counties; and
 - Elimination of the Animal Care and Control Mandate.
-
- **Parole Realignment.** A major component of the LAO's Alternative Budget is Parole Realignment which would shift \$495 million and over 71,000 lower level felons from State parole to county probation supervision. Of the 71,000 parolees

affected statewide, approximately 28,000 would be placed in Los Angeles County. Felons violating the terms of their supervision would be the responsibility of the County. Parolees convicted of committing new crimes could be sentenced to either jail or State prison based upon the determination of the court and the nature of the offense. Funding for this proposal would be from three sources: 1) a transfer of property tax revenue from enterprise special districts providing water, sewer and waste removal services; 2) transfer of Proposition 172 sale taxes currently allocated to cities; and 3) a transfer of Vehicle License Fees currently funding administrative services at the Department of Motor Vehicles. While the Probation Department would receive \$132 million to \$151 million of these funds, our preliminary estimate of the net County cost impact could range from a negative \$110.5 million to negative \$202.5 million in the first year. Assembly Subcommittee #4 held one hearing, but took no action. Senate Subcommittee #4 Assembly Subcommittee # 4 took no action on this item at its April 17, 2008 meeting.

AB 340	Hancock	Support (State Update: 3/23/07)	Would establish the Unified Resources Families Assessment Pilot Project in five volunteer counties selected by the California Department of Social Services (CDSS).
